## About Us

In business since 1987, Tecstone Granite is a national wholesale supplier of fine granite to America's top retail memorialists. We are a one-stop solution, able to provide everything from small inlay ceramics and grass markers to towering veteran memorials and mausoleums. *We Help You Sell Granite!*

For the first time in our history we can now offer permanent color! Together with our glass studio partner, we are offering these glass inlay designs, or we can create custom glass inlay designs to fit all your memorial needs.

# PERMANENT COLOR GLASS INLAYS

## **Custom Glass Inlays for the Memorial Industry**

We are able to make custom designs, fonts, or already existing vector designs and change them into colored glass designs.

Our products meet the highest standards. By nature, glass never fades and holds its color indefinitely. Each glass piece has undergone an annealing process that makes it 20 times stronger than regular plate glass. Freezing conditions or extreme heat, rain, snow, and ice will have very little effect.

Water stains, moss, and other naturally occurring build-up can be safely removed with regular stone cleaners. Cleaners containing mild acids may etch the grout, but the glass will stay unaffected.

In the event your monument is ever vandalized, the glass may crack, but should stay in its place. The entire design or individual pieces can be easily removed through sandblasting and reproduced and replaced.

Through the years granite has proven itself as the longest lasting media for memorials. Glass inlays and granite are the perfect marriage to add permanent color that will change the memorial industry.
